SCOURGE OF THE GODS #1 (of 3)

Written by VALRIE MANGIN
Penciled by ALEKSA GAJIĆ
Covers by ALEKSA GAJIĆ
Adaptation by PAUL BENJAMIN
With Exclusive U.S. Variant

After a thousand years of peace, the Orbis — the Roman Galactic Empire that thought itself almighty — trembles down to its foundations. The Huns, savage warriors that came out of nowhere, are trying to conquer it. King Attila has already pillaged and burned dozens of planets without any legion being able to stop him or even slow him down. And unfortunately for Rome — Kerka, the Hun's goddess of chaos herself — is back. But the Gods have a taste for tragedy: Kerka has been reincarnated in the body of Flavia Aetia, a young Roman girl. Is Flavia truly this macabre divinity? Is she the by-product of a terrifying plot? Or is she only the victim of a terrible destiny? A free adaptation of Hun king Attila and the Roman general Flavius Aetius's confrontation, SCOURGE OF THE GODS replays the eternal struggle between order and chaos on the galactic level. Halfway between sci-fi and heroic fantasy, the huge epic fresco proclaims antique grandeur as well as the barbarism that lies in our future.

The Thing joins the show and wastes no time getting down to clobberin' time vs. Quicksilver and the Scarlet Witch, Paste-Pot Pete, the Beetle (not those Beatles, they come later), the Mad Thinker and the Puppet Master. And before we close it all down comes...the Watcher! Guest-starring the Amazing Spider-Man, the X-Men, four guys named John, Paul, George and Ringo, and if that doesn't sell you on it, then I've got five words that will: "Thing in a Beatle wig." Cover by JACK KIRBY & STEVE DITKO

Celebrate Marvel's 70th anniversary by experiencing the tales of the world's most-famous super heroes from the very beginning! The Marvel Masterworks have brought readers deluxe hardcover collections of Marvel's classics from the Golden Age, Atlas Era, and the mighty Marvel Age, and now you can join in the Masterworks excitement with our new, monthly Marvel Masterworks trade paperbacks. And where better to start than where comics' most robust line of archival comic collections began—the Amazing Spider-Man! In 1962 in the pages of a comic book slated for cancellation, Stan Lee and Steve Ditko gave birth to one of the most-enduring icons in American popular culture—the one and only Amazing Spider-Man! Turning the concept of a super hero on its head, they imbued the young, guilt-ridden Peter Parker with the fantastic powers of an arachnid and the fantastic pressures of an everyday teenager. The combination was pure magic. So join us in the following pages as we present stories of spectacular web-slinging adventure from Spidey's very beginning including, the tragic origin that started it all, the first appearances of the Daily Bugle, J. Jonah Jameson, Doctor Octopus, the Sandman, the Vulture, Electro, and guest-star nods by the Fantastic Four and Human Torch. And to top it off, we've packed this volume full of bonuses galore, including the complete original artwork to Spider-Man's Amazing Fantasy #15 origin from the Library of Congress archives! THE X-MEN OMNIBUS VOL. 1 HC

Written by STAN LEE & ROY THOMAS
Penciled by JACK KIRBY, JAY GAVIN, WERNER ROTH & JACK SPARKLING
Covers by JACK KIRBY & ALEX ROSS

In 1963 the slow boil of the Marvel super-hero revolution exploded in a full eruption with a slate of new heroic adventurers that redefined comic-book adventure forever. Joining the Fantastic Four, the Amazing Spider-Man, Ant-Man, Hulk, Thor, Iron Man and Dr. Strange came the Avengers and an odd sister book featuring a weird assortment of brand new characters: Cyclops, the Beast, Iceman, the Angel, Marvel Girl, and the mysteriously-named Professor X. They were the X-Men, and little did anyone know that they would come to take the comic book business by storm. Stan Lee and Jack Kirby billed their new creations "The Strangest Super-Heroes of All!" and while their mutant powers were certainly weird, the binding concept of this band of heroes, a group feared, hunted and hated because the of prejudice of their fellow man was pure Marvel relevance, striking at the heart of Civil Rights battles of the time. So join us as we collect in this massive, painstakingly restored, archival volume as we recount the earliest adventures of the world's most-famous super-hero team as they encounter for the very first time their nemesis Magneto, the Brotherhood of Evil Mutants, the Juggernaut, Ka-Zar and the Savage Land, Master Mold and the Sentinels, and many more of Marvel's greatest heroes and villains. Supplemented with a bevy of behind-the-scenes bonus material, critical and historical essays, and original artwork, this volume is a bona fide must-have for each and every X-addict!
